I had exhausted all the resources, both of experience and authority, without releft and when my patient commenced the use of it had no hope of his recovery. The effects of the water in this case have been marvellous. For the sake of humanity I shall keep a record of the case, and report to you as it advance." THE CHICKERING PIANOS IN LONDON.

The great house of Chappell & Co. have taken the agency of the CHICKE-KING PIANOS in London, and have had an unequivocal success with them. The following letters, which have been forwarded to this country, give some idea of the estimation in which the Chickering Planos are held there:

TESTIMONIAL

Messes. Chappell & Co, agents for Chickering & Sons in England, Ireland, and Scottand:

9 Albert Mansion, S. W., July 16, 1879.

My Dear Chappel.—I never write a testimonial, and so I have some difficulty in knowing what to say now; yet I should like to express the extraordinary mucked satisfaction and pressure I experienced from the Chickering Grand Plano-Forte you were good eneuth to ask me to try yesterday. The tone is noble. I don't know which impressed me most—its noble. I don't know which impressed me most—its power and sonority or its tender delicacy. With regard to its outh, no pianist could hold any opinion save that it is perfect. It does everything that it is called anon to do, I congratul to you upon having undertaken to make such spleudid instruments known in England. Yourschoerely.

[Signed] Messrs. CHAPPELL & Co , agents for Chickering & ARTHUR SULLIVAN. Tom Chappett, Esq.

These instruments have always taken the first prize whenever exhibited in competition with others. No such stock can be seen anywhere in Virgloba a at our establishment.

We use GRAND, SQUARE, and UPRIGHT IN
